Frontend Developer

[Email | dekanovasevinchhh@gmail.com](mailto:dekanovasevinchhh@gmail.com)

Summary

I have 1 years of professional experience in frontend development. I have worked on various projects that allowed me to improve my skills in Reactjs and create dynamic and responsive web applications for all devices.
As a collaborative team member, I can work closely with cross-functional teams to deliver high-quality solutions that meet business needs.

Skills

JavaScript, HTML5, CSS3, SASS, ReactJS, API, Git, Tailwind,Trello

Education

Tashkent University of Information Technologies | Information communication technologies
AT TIME ACADEMY | Frontend

Languages

English (B1)

Experience

Frontend Developer , IT Time Academy

I worked with creating frontend parts of real projects. We also used get,put,update,delete functions for adminpanel with APIs in projects.

Projects

- Ataev Build

I wrote this site in 3 languages and adapted to all devices. I used some libraries to write the site.

- Business Tour

I wrote this site in react technology. This site is optimized for all devices. I used formdata to send messages to the telegram bot on the site

- Discover Invest

I used react technology and libraries to write a great site with beautiful design.
